“

I love the way the rural Moroccan household brings the outside inside with natural materials like wool, palm leaf and wood - it adds texture, rustic charm and warmth to any home.

- Layla, Co-founder

”

Due to the handmade nature of each product, there may be some minor irregularity in size, shape or colour. This is not considered as defects, but add to the charm and story.

CUSTOM DESIGN RUG

1

Let us know what you are after. If you know exactly what you would like you can simply send us an image to work from.

2

If you choose to give us a brief, our creatives will then create a 'virtual rug' and send it over to you.

3

When you have got the virtual rug exactly how you want it to look and everything is approved, we will then work with our team of weavers.

4

Our superstar weaver friends will custom make your rug as per the virtual design or image given to them.

Super fun!

*With modern ways of living creeping
into the Moroccan lifestyle, traditional
rug making skills aren't handed down
so much to the younger generation.
The rugs I source date from at least
the middle of the 20th century and
represent the last days of a really
thriving nomadic culture. They are not
only beautiful but also an investment.*
